New York, Oct. 11 (AP)—Francis Cardinal Spellman says "It is for us to decide ourselves that we are at peace. There is no peace, and naught we fought for has come to fruit," he said yesterday. "We know that nations gird themselves for war, a war of annihilation," he declared. "The whole world and every human in it is at peace, and naught we fought for has come to fruit."

### Scouts Will Tour West Point; See Football Game

Boy Scout leaders of Ulster-Greene Council have been informed of the details of Boy Scout Day at the United States Military Academy at West Point on October 30. More than 200 Scouts and their leaders of this council are expected to participate in the event.

A special train of the West Shore will stop at Catskill, Saugerties, Kingston, and Highland to pick up the Ulster-Greene contingent, who will join 700 Scouts from Port Orange and Uncle Sam Councils of Albany and Troy. The train will arrive at the Point at 9:45 a. m. in time for the Scouts to enjoy a guided tour of the academy buildings and grounds. Cadets will act as guides for the visitors.

After lunch, the Scouts will witness a special review of cadets, as the entire corps of cadets parades on the plains. From the parade grounds, the party will move to Michie Stadium for the Army-Virginia Polytechnical Institute football game at 2 p. m. Immediately following the game the group will board the train for the homeward trip.

5,000 seats have been reserved at the stadium for the Scout party and there will be groups from all over New York and New Jersey in attendance.

The Ulster-Greene Council office publicized the event by sending complete details to the leaders of each unit in the council area. Football tickets are to be ordered directly from West Point but the special train railroad tickets are obtainable only from the council office. Special rates have been arranged with the railroad and tickets will be good only on the special train. Leaders of units planning to go on this trip are urged to order their tickets immediately because the supply is limited.

### Talbot Won't Accept

Ontario, N. Y., Oct. 11 (AP)—Assemblyman Paul L. Talbot says he will not accept a nomination for president of the Dairyman's League Cooperative Association. He has been acting president of the league since the death of Henry H. Rathbun Sept. 30. Talbot, a Republican, is seeking reelection as assemblyman from Otsego county. Talbot said yesterday he had accepted the Assembly nomination "in good faith and I will not resign from the post." The league will elect a new president at its 29th annual convention, which will be held Wednesday and Thursday at Saratoga Springs.

### Teachers Ask \$1,200 Cost of Living Fee

Syracuse, N. Y., Oct. 11 (AP)—The Empire State Federation of Teachers' Unions wants a \$1,200-a-year "across the board" cost of living adjustment to present salaries of the state teacher pay law.

Delegates adopted a resolution yesterday asking that the adjustment be sought at the next session of the state legislature. Their action came at the concluding session of the federation's two-day convention.

The permanent salary law for public school teachers establishes a minimum salary schedule ranging from \$2,000 to \$4,510 outside New York city and from \$2,500 to \$5,125 in that city, plus a \$200 differential for all teachers with master's degrees.

The law, enacted in 1947, also provides a 15-year program including five annual, automatic service increments and six merit or "promotional" increments. The federation's over-all legislative program calls for a \$200,000,000 state aid appropriation. Dr. Abraham Lefkowitz, the

group's legislative representative, said it would provide for construction of schools and needed education facilities in addition to the salary increases. The federation also voted to seek legislation which would

limit units to not more than 30 pupils in regular classes, not more than 20 in underprivileged classes, and not more than 18 in shop classes. The delegates also urged the establishment of nursery schools

and child care centers under the supervision of the boards of education. Mrs. Harriet Pease of Schenectady was elected president. She succeeds Kenneth Maxson of Mount Vernon.

## Kingston Hospital Ladies' Auxiliary Annual Report

I have the honor to present the annual report of the activities of the Ladies' Auxiliary of the Kingston Hospital for the year ending September 1, 1948. We have held nine meetings this year with an average attendance of 24. At six of these meetings the program committee in charge of Mrs. William Hilton, F. Childsey, has written 22 articles for the local papers. We

are very grateful to The Kingston Daily Freeman and Station WKNY for their help and cooperation to keep the work of the auxiliary before the people. Mrs. Conrad Helmsman represents the auxiliary on the Women's Field Army for the control of cancer. Mrs. Harold Loughran is the auxiliary's representative on the advisory council to the Nurses Training School. As in other years the auxiliary entertained this year's class of graduating nurses for dinner and presented each with a small gift. Dr. and Mrs. Frederic Holcomb graciously opened their summer home for this occasion. Members of the board of managers of the hospital staff and auxiliary members attended. Mrs. Arthur Henselhub was in charge of arrangements.

Hospital Day was observed May 21. At this time all senior high school students interested in nursing as a career were shown through the hospital and its operation explained. Mrs. John Krom and Mrs. Joseph Jacobson served refreshments.

Scholarship—In order to help overcome the nurses shortage the auxiliary has undertaken a new project this year. We have established a scholarship to enable some worthy student to take nurses training, who otherwise might not be able to do so.

Christmas—Mrs. Chester Van Gansbeek was in charge of the Christmas decoration and arrangements this year assisted by Mrs. E. Remmert and Mrs. E. LeFevre. Many people—visitors, nurses and patients—expressed their pleasure at the very cheerful atmosphere of the hospital at Christmas time. Dr. and Mrs. Van Gansbeek donated the Christmas trees and decorative greens. The committee and friends met at the home of Mrs. Frank Johnston to make Christmas favors and wrap small gifts for each patient in the wards. It was a very joyous Christmas for all.

The Good Cheer Committee—Mrs. Mortimer Downer, chairman—The work of the Good Cheer Committee is in memory of Louise Wilkinson Shufeldt. During the past year, members of this committee visited the ward patients each week, bringing a variety of refreshments such as fruit, ice cream, cigarettes, candy, home-made cookies and other items as well as words of encouragement which mean so much in convalescence.

At Thanksgiving time a red rose was put on each patient's tray. At Christmas time, the Good Cheer Committee worked with the Christmas Committee in preparing and distributing appropriate remembrances. Acting on the suggestion from patients the following newspaper subscriptions for the wards were taken: Two for The Kingston Daily Freeman, and one each for the New York Herald Tribune, New York Times and Daily News. At this time we should like to express our appreciation to A. B. Shufeldt whose support and interest in the work of this committee has been invaluable. Also to the different members who have given so much of their time to this work.

The annual Auxiliary dance held in February under the chairmanship of Mrs. John B. Krom proved very successful socially as well as adding a very substantial sum to our treasury. We are grateful to all our good friends for their support.

Studying the needs of the hospital and consulting with the management, the Auxiliary voted to purchase the following items for the hospital: Equipment to keep the patients' food hot consisting of two wagons and 60 individual meal packs; redecorated the fourth floor sitting room; and bought a new rug and a new set of furniture for the same; new draperies were made for two rooms by Mrs. F. Snyder; and 15 over-bed trays for use in the wards.

We are grateful to our members and to all our good friends whose loyal support has made this work possible.

Respectfully submitted,  
JANE F. GROVES  
Recording Secretary

The City of Kingston, N. Y., will come to the aid of the men of the fire department, who in their daily occupation, are the guardians of both our public and private properties.

We also realize that our duly elected officials have a severe time trying to raise sufficient funds to operate all the necessary departments of our city.

So we heartily endorse the effort of the fire department to place their problem before the public on Election Day 1948, for a final solution according to the American way of life.

## As Pegler Sees It

Continued from Page Four

looked forward to in the year with the most joy was the day when Mr. Laski came to stay with him in his home."

I quote further from this editorial because it bears on the points under discussion:

"Now when you realize that Mr. Frankfurter had the reputation for being the advisor to certain persons in Washington, you can well have understood our added interest in listening to this address to the advisor."

"Coming events certainly were casting their shadows before them. Ford Hall forums were then being managed by David K. Niles (born Nuyfus, of Russian parents, a turbulent picket-line radical and a mysterious confidential advisor to Roosevelt and Truman in the White House. He is a Frankfurter man.)"

"That night, Mr. Laski told his audience that he wished to speak to them of a vision he had had of a place called the United States of England (loud laughter). The Supreme Court of this country had recently done certain un-New Dealish things to President Roosevelt's New Deal. Mr. Laski said that in his vision he had seen mobs rising up against the lawyers of this country in the year 1959. The mobs were so enraged that they had hung the Chief Justice of the Supreme Court."

"While this may seem to have been silly talk by a lecturer of serious pretensions who had been embraced by Felix Frankfurter as a guest whose visits gave him the utmost joy, the surroundings gave me to regard it as a menacing remark. Laski has been acclaimed by a clique of Communists as a prophet in politics and economics. Indeed, the Catholic Worker had solemnly considered that aspect of his reputation for the heading on the editorial board 'Prophecy or Architecture?' That meant to imply that the prophet of revolution might also be working on the plans and the design of that revolution. The interpretation of the person is left to the individual. I personally would believe that Frankfurter's dear friend, Laski, meant to suggest that the mobbing of 'the big lawyers' in 1959 was not an unthinkable idea nor the hanging of the chief justice."

"On the international front," the Catholic Worker continues, "he affirmed that the four great democracies, Russia, China, England and the United States, should get together to crush out Fascism and to set up a strong central control. Remember well that this speech was made in 1937. Teheran was then only a word in the geography books."

The writer goes on to a Communist convention in Boston at which Earl Browder told the Bolsheviks that the great democracies would have to gang up on the Fascists.

"That was the party line and he was saying exactly what Mr. Laski had said in that other Boston hall. When Mr. Browder told of educating Americans to Marxism, we listened still more intently. He said it would not be an easy victory. It probably would take 25 years of educational work. Peaceful political tactics were to be used now. But Marxism, as developed by Lenin, demanded a bloody revolution eventually, 1938 plus 25 gives you 1963. Mr. Laski named the year 1959."

"As events have unfolded, we have come to have great respect for Laski's prophetic powers," the story continues. "Mr. Laski doesn't believe that Christianity has much to offer this troubled world."

There followed several quotations from Laski's book, "Reflections on the Revolution of Our Times."

All of which reminds us," the author says, "that Mr. Laski stated that night that he didn't believe there would be any organized church in the time of his vision (1959)."

Frankfurter not only lobbied himself onto the Supreme Court but lobbied his senescent old friend Henry L. Stimson into the war department after Alf Landon had angrily spurned Roosevelt's attempt to seduce him as he had seduced the vain and flabby Frank Knox into the Navy Department and simply absorb his political opposition. We know that Robert P. Patterson, a nominal Republican, became assistant secretary, under-secretary and finally, in 1945, secretary of war. Patterson is an alumnus of Harvard Law School, whose graduates literally infested the government. And the army under Stimson and Patterson deliberately infected millions of recruits with essentials of the Communist party line in the guise of patriotic "indoctrination." Patterson even went so far as to say that all he knew about the Lincoln Brigade in the Spanish civil war was that they had been brave soldiers against Fascism. Mr. Patterson should have known that the Lincoln Brigade was a Communist army in which some young American idealists had been slaughtered by the Communist superiors because they discovered the truth and rebelled.

We know that Frankfurter lobbied Alger Hiss into the State Department which sent him to Yalta with the dying president where he, Hiss, sat in at the final conference, the most disastrous in the history of western civilization, with Stalin and Roosevelt.

The monthlong course was described by a department spokesman as a "pioneer effort."

## Rape-Slayer Sought

New York, Oct. 11 (AP)—Search for the rape-slayer of an 80-year-old spinster extended over a wide area today, with more than 200 detectives assigned to the case. The victim, Miss Mary Gray, was raped and stabbed to death in her apartment in Brooklyn at 4:15 a.m. Saturday. Fifty-two men—most of them rounded up in the crime-ridden Bedford-Stuyvesant section of Brooklyn—were questioned by police yesterday. By nightfall, all but one had been released. Deputy Chief Inspector William T. Whalen said: "We are not going to rest until this case is cleaned up." Whalen said he is confident that a woman neighbor of the victim would be able to identify the killer.

Reporter: "Tell me, how do you account for your friend having lived all these years?"

Other: "Well, I guess it's because he's never done anything else."

Mr. Peebles: Why are you so late? You were to meet me here at four o'clock and now it is nearly six.

Mrs. Peebles: Now don't scold, dear. I stopped by the Women's Club to hear Mrs. Chatterbox's lecture on "The Necessity of Being Frugal."

Canvasser: "You pay a small deposit, then you make no more payments for six months."

Lady of the House: "Who told you about us?"

Happiness is not so much what we possess, as what we get paid for.

When Dr. Charles A. Beard, the eminent political scientist, was spending a few days in a small western North Carolina town, the postmaster asked him what kind of a doctor he was.

Dr. Beard explained: "Doctor of Philosophy."

The postmaster scratched his head a moment and said: "Guess we don't have much of that around here."

Postmaster: "The weather we're having now isn't anything like that of years ago."

Farmer: "Neither is it anything like it was six months ago."

Dr. Cutler: "Oh, you needn't pay me until after I remove your appendix."

McCarthy: "I'm not going to pay you now. I was just coming to my money before you give me the ether."

We favor things that begin on time, we'd favor our execution taking place on time.

Opera Star: Yes, twenty long years I have sung on the Metropolitan.

Admirer: Gee, you must know Madame Butterfly when she was only a caterpillar.

YOUR decorative imagination will slip into high gear at sight of this new high-style floor covering. Definitely new, created for the fashionable vogue of mixing period with modern, it is a pattern that blends with the Empire feeling of early 18th century furniture, yet it is perfectly at home in contemporary surroundings. Brilliant decorator colors—the kind one finds in modern homes—accent its striking simplicity and plainness. It is especially effective with parakeet greens, banana yellow, or Dubouche red.

Governor Clinton Pattern, from the Creative Design Studios of Syracuse China, gracefully bridges the gap between Period and Modern.

# KINGSTON HIGH OVERWHELMS MIDDLETOWN, 45-7

## Van Gonsic Beats Smith, 1-Up in 19 Holes for Twaalfskill Title

### Maroon Power Brings DUSO Win; Keating Races 80 Yards for Score

The Hudson Valley's sportswriters and experts who predicted Coach Bill Burke would have one of his great teams this season and then scurried for air raid shelters to escape the counter propaganda from Kingston must be laughing up their sleeves today.

You would have to go back to a sunny afternoon in 1933 before you could match the awesome display of power that Kingston High unleashed in crushing Middletown High, 45-7, in the DUSO Football League opener Saturday before 2,000 spectators at municipal stadium.

Port Jervis, defending champions, defeated Newburgh 13-0 at Newburgh in the other DUSO game.

That 1933 crew was the last of the legendary powerhouses in K.H.S. annals but on the basis of 76 points in two games against Highland and Middletown, these supercharged youngsters of 1948 are backing at the door of all-time recognition.

**Bookies Score T.D.**  
So early was the flow of money that they scored a victory quarter reaching a crest in a wild fourth period with three touchdowns. Six plays, designed in the seven-touchdown score and perhaps it was an omen for future opponents when a combination of Ted Keating and Jim Riehl completed an 11-yard pass into the end zone for Kingston's final marker late in the fourth quarter.

**Keating's Great Run**  
The 20-yard level of the game, though, was a scintillating 80-yard sprint for a touchdown by Jack Keating, the Maroon scabbard in the fourth quarter.

Keating intercepted a Middle aerial on the Kingston 20, about five yards inside the sidelines on the stadium side of the field. He picked up blockers and then started a sensational walk-down the sidelines that ranks with the great plays ever seen at the up-town park.

It seemed that he was trapped three or four times but each time a scurrying Kingston block took a Middle out. Klusman, the Middle safety, had a shot at Keating on the 10-yard line but missed and the Maroon speedster breezed across. For sheer broken field running and team blocking the play was an epic.

**Middle Score Disputed**  
Middletown's only score on a pass from Art Newkirk to Karl Knepper came like a bolt out of the blue. Knepper is their fastest man, their best player. He is the best pass receiver in the league. He looked like it on the play, grabbing the ball surrounded by Maroons on his own 35 and then he set off for the coffin corner.

Mike Rienzo came up fast from behind and converged on Knepper just inside the five yard-line. There was a collision and the next thing the startled spectators saw was Rienzo with the ball. Or at least they thought so. From the pressbox it looked like a clean steal at about the 1-yard line.

But football officials have a way of never making the wish the father to the thought. After what seemed unnecessary delay they ruled it Middletown's ball on about the one-foot line. The official decision was that Knepper had dropped the ball at the 1-yard line and it had rolled out of bounds, making it Middletown possession at that point. While the Kingston players totally Rienzo, stormed and fumed, Knepper plunked over for the score and then kicked the extra point.

**Rienzo Claims Steal**  
After the game Rienzo said he didn't claim the steal. He didn't make any difference insofar as the score. The officials just didn't see it that way.

The statistics aren't as overwhelming as the score might indicate. They tell a cruel story. The Kings were held to 27 yards in the first half and the 90 yards credited to their passing, sixty-five were scored up on a disputed play that resulted in their only serious offense on offense of the day. "Two Yard" Mike Rienzo, a talented senior who has blossomed into a star of a big star, led the Maroons' devastating running attack. And the Kingston blocking was terrific and so smothered at the Middle flanks were a sight to behold.

**Rienzo Scores Two**  
Rienzo scored twice, converted three extra points and the other

scores were racked up by Joe Albany, Dee Titus, Bill Kitzos, Jim Riehl and Jack Keating. It was evident early in the game that Middletown's ends and the left side of the line were vulnerable to power smashes. The Maroons were stalled after Keating carried the kickoff to the Kingston 47. Kitzos and Rienzo alternated for a first down on the Middletown 37 but the Blues stopped a running play and two passes. Rienzo dropped back to kick and unleashed a coffin corner kick that hit the red standard placed at the corner of the field. The officials ruled the ball had crossed over the goal line and Middletown had a touchdown on their own 20.

**Scheffel Starts Sprue**  
Bud Scheffel broke through on the first scrimmage play and entered a fumble on the Middletown 17 and the Maroon moved in quickly for the kill. Keating hit left end for seven and Rienzo missed first down by inches. Kitzos made it on the two. The hard charging fullback was held at the one on a smash at center but Rienzo went hurtling over the back on the second play for a 60 yard lead.

For the remainder of the game, except for Knepper's 65-yard play, after a pass on that disputed play, the game resolved into a monotonous display of Kingston power that ground the Middle into the dust. The Middle quarterback had to fall back on passes at questionable junctures but the way the Kingston line was piling up his punning plays he didn't have much choice. The Kingston pass defense was as alert as the front line and only three out of twelve Middle aerials found their target. The Maroon completed 10 out of 21 attempts for 73 yards, only one of two passes figured in a TD.

**Three Power Drives**  
Using straight power plays, an occasional end sweep and short passes, the Maroon put on sustained drives of 55, 63 and 54 yards for their next three scores. Knepper, Titus, Keating and Kitzos worked like the Four Horsemen of Notre Dame.

A beautiful lateral-forward accounted for Kingston's second touchdown in the second period. With the ball on the Middletown 5, Rienzo faked a smash at the line, pitched back to Dee Titus who hit Joe Albany in the corner of the end zone.

The other scores briefly came like this:  
No. 3 - A 54 yard advance saw Rienzo plunge over from the 1-yard line.  
No. 4 - Titus intercepted a pass on the Middletown 12, a couple of plays later went over from the one.

No. 5 - A fumble recovered by Vince Rice on the Middletown 28 set up the score. Rienzo and Kitzos billed their way to the one-yard line and Kitzos went over.

No. 4 - Keating raced 80 yards after an interception.  
No. 5 - Rod Whitaker passed 11 yards to Jim Riehl. The second stringers were operating intact at this time, late in the fourth quarter.

### Braves Name Voiselle For Crucial 6th Game

By Jack Hand

En Route to Boston, Oct. 11 (AP)—Billy Southworth's aroused Boston Braves gamble on Bill Voiselle to square the World Series against Cleveland's Bob Lemon today as the clubs return to Braves Field for the sixth game.

Taking new hope from the home run blasts that routed Bobby Feller in yesterday's 11-5 victory, the Braves continue to defy the old jinx that says teams do not come back after losing three of the first four. After closing the Indians' game lead to 3-2, the Braves were so confident of sweeping two or more that Southworth even announced his seventh game pitcher—Johnny Sain.

Southworth is taking a big chance with Voiselle, but he has little choice.

Sain is not ready to come back after pitching Wednesday and Saturday. Warren Sphann and Nelson Potter worked yesterday. None of his other hurlers, with the possible exception of Red Barrett, are starters.

**Voiselle Had 13-13**  
Voiselle finished the regular season with 13-13 record and a job in the bullpen as a relief man. In his lone series appearance, he gave up only one single in 3 2/3 innings after replacing Vern Bickford in the fourth inning of Friday's game, won 2-0 by Cleveland behind Gene Bearden.

It may turn out the Braves' pitching will not be too important. Their attack had as much zing as a soggy firecracker until they tore Feller to shreds in full view of 86,288 people, the largest

through ever to see a ball game. If the Braves can hit like that, Voiselle or Barrett or most any pitcher who can get the ball over will have no trouble.

**Elliott Hits Two**  
This tremendous crowd that jammed every inch of available space in the gigantic Municipal Stadium felt its first shock early. Its high hopes of being "in" on the Indians' first series triumph since 1920 were punctured by Bob Elliott's three-run homer that dropped in the right field standing room crowd in the first inning.

Dale Mitchell's leadoff homer in the first against the veteran Nelson Potter revived hope. Elliott's second blast in the third inning, this time into the left field seats, sold the idea that Mr. Feller was in for a rough afternoon. "Satchel" Pudge's early start in the fourth after Jim Hegan unloaded a homer with two on to climax a four-run blast that fattened Potter. Nobody knew it then, but Southworth's choice of Sphann to replace Potter was the Tribe's death warrant.

**Sphann Inevitable**  
Sphann, beaten by Lemon in the second game at Boston Thursday, looked like his old self. He walked only one and allowed but one hit, a double by Manager Lou Boudreau, in 5 2/3 innings. Then he closed it off with an emphasis, striking out five of the last six batters in the eighth and ninth.

By that time, the Braves had knocked out Feller, Ed Klemm and Russ Christopher before "Satchel" Pudge, the ancient Negro with the "huskiness" pitch, ambled in to stop the riot with six runs across.

Elliott was the big wheel, driving in four runs. Tommy Holmes, who beat Feller in the opener with his eighth-inning single, again found "Consistent" Robert most helpful. He singled and rode home on El-

liott's first homer and his second single started the big inning that ended Feller's black Sunday. Despite this Boston hitting, long overdue, the Indians still are very much in the driver's seat. Boudreau has Lemon, with one win under his belt, poised for today and Bearden is ready to work tomorrow if a seventh game is necessary at Braves Field.

### Club President Sinks 10-Foot Putt for Birdie to Win Crown

John Van Gonsic, club president, won the 1948 Twaalfskill Golf Club championship in big league fashion Sunday, canning a 10-foot birdie three on the 19th green to defeat Lou Smith, 1-up, in the club finals.

The title was the first won by Van Gonsic, who qualified to meet Maurice Davenport, Wiltwyck kingpin, in the 36-hole city championships next week-end.

For Smith, long regarded as one of the tough match players in Kingston, it was his fourth trip to the Twaalfskill finals. He has been club champion twice.

**Van Gonsic Has 75**  
Both turned in excellent medal scores in a hot fought match in which each player had an outstanding round. Van Gonsic posted 36 and 39 for a 75, while Smith had 40 and 36 for 76.

The finalists had come down the wire with even pars on the 17th and 18th holes after Van Gonsic had squared the match with a birdie-4 on the 15th. To Smith got a lucky break on the 18th when his approach shot landed in the trap and then skidded to the edge of the green. Van Gonsic was hole high to the right. He got an easy four but Smith had to sink a difficult 4-footer.

**Birdie Ends Match**  
On the 19th, with the best gallery of the day trailing, Van Gonsic was on the edge of the hill with his drive with Smith a few yards shorter in the same sector.

Van's second shot was a beauty hitting the small knoll on the green's edge and rolling to within 10 feet of the pin on the right side. Smith dubbed his second but got a miraculous roll down the sunbaked hill and the ball came to rest on the edge of the green. He putted up to four feet but Van Gonsic calmly dropped his 10-footer and the match was over.

**Van Threes Up**  
Van Gonsic's opening 35 enabled him to roll up a three-hole advantage at the end of the first nine. He grabbed a quick lead with a par-4 on No. 1 and a 25-foot birdie two on No. 2. Smith bogied the first hole and got his three on the second. Van Gonsic drove into the trap on the right side of No. 3 green and needed a double bogie to get in, Smith winning with a 4.

Smith's nightmarish adventures on No. 5 resulted in a fat seven, while Van Gonsic hit it in even figures for two up and he then extended his lead to three-up on the par-3 sixth where both hit the upper right hand edge of the green but Smith's first putt was short by 10 feet and Van Gonsic came within three inches of a birdie 2. Smith missed his third putt. They halved the next three holes.

**Smith Rallies**  
The complexion of the match changed swiftly on the back nine. Smith won the 10th hole with a four, sinking a nice 10-footer, while Van Gonsic from 35 feet out was six feet short on his third shot and missed the fourth for a bogie five.

Smith won the 11th despite an out of bounds ball. His second hit the green and he was in for a four. Van Gonsic meanwhile drove to the left of the trap on the left side, was in the trap on his second shot and then narrowly missed holing out. His ball came within two feet of the cup but he blew the putt and a chance for a half.

Van Gonsic's tee shot hit the No. 12 trap for the second straight time. Smith was down the center just below the green where he chipped to within two feet. Van Gonsic needed a stroke to get out of the rough and just made the edge of the green. He conceded Smith's putt and the match was squared.

They halved the short 13th but Smith went 1-up with a par five to Van Gonsic's bogie six on the long 14th. Both were on the green about 20 feet away on the 15th and got par 3s.

Smith's brassie shot on No. 16 hit the bunker, while Van Gonsic with a tremendous tee shot and a No. 6 iron shot was on the green 15 feet away. Smith made a nice pitch from the top of the hill above the green and was five feet away on his fourth shot but Van Gonsic missed by less than

two feet on his first putt and canned his birdie 4.

## Ted Horn Killed

Da Quin, Ill., Oct. 11 (AP)—Ted Horn won't roar that sleek Mustang with No. 1 emblazoned on the hood, around the Indianapolis speedway any more.

And he will never realize his burning ambition to win the 500-mile Memorial Day classic.

Horn, 38, three-time national auto racing champion who earned some \$55,000 in nine Indianapolis races, was killed yesterday on the Du Quin Fair Ground track.

A wheel spindle broke on Horn's race during the second lap of a 100-mile A.A.A. race. He was ejected onto the tracks as his car spun into another racer driven by Johnny Mantz.

Twenty minutes after they rushed him to a hospital he was dead. He had suffered a concussion, crushed chest and fractured left leg.

Mantz was injured slightly. He is in hospital after suffering a concussion, fractured ribs and a broken arm.

Horn, from Paterson, N. J., had won the American Automobile Association racing title in 1946, 1947 and already had clinched it this year.

He had tried 10 times to win the big Indianapolis race. In his last nine attempts he never finished lower than fourth. Last May he was fourth, behind Mauri Rose, Bill Holland and Duke Nalon.

His second wife, Gerry, whom he married only 17 days ago, was among the 5,000 spectators who witnessed Horn's last ride. Burial will be in Paterson.

## Royals Need One For Junior Title

Montreal, Oct. 11 (AP)—The Montreal Royals are a step away today from winning the Junior or Little World Series crown for the second time in the past three years.

Manager Clay Hopper's International League pennant winners and playoff champions lead the St. Paul Saints, American Association playoff kings, three games to one, in their best four out of seven series.

Jack Banta, a 19 game winner in the regular season, has been selected to pitch for the Royals tonight and Ernie "Pat" McClothin is expected to work for the Saints.

The Royals won their third straight game of the series yesterday as Don Newcombe, turned back the Saints, 4-3 before 18,515 fans at Montreal.

Newcombe allowed only three hits but was in trouble constantly because of wildness. The big Negro right-hander walked seven and hit a batter.

New York, Oct. 11 (AP)—

Although dump-the-favorite con-

tinues to be a popular Saturday

pastime, four major college elev-

ations—Notre Dame, Michigan,

Pennsylvania and Penn State—

are riding unbeaten streaks that

now bridge three seasons.

The fighting Irish haven't been

licked since Great Lakes turned

the trick in the last game of the

1945 season—a string of 20 vic-

tories marked only by a 1946 tie

with Army.

Michigan has reeled off 17 in a

row, counting California in the

of Southern California in the

Rose Bowl January 1.

Penn State, tied by Southern

Methodist in the last Cotton Bowl

game, has 11 regular season tri-

umphs. So has its neighbor, Ivy

League Champion Pennsylvania.

**Mustangs Upset**

This quarter survived last week-

end's wave of upheavals that saw

the defeat of the only other un-

beaten power of 1947—Southern

Methodist—and a full dozen of

the chosen.

S.M.U.'s Mustangs despite the

blowout work of All-American

Don Walker, were tossed by sur-

prising Missouri, 20-14.

Now it's a question which of the

unbeaten is next to get its

spring shipped.

Michigan and Pennsylvania face

troubled times this week.

The Wolverines, who smothered

Purdue 40-0 Saturday in a mag-

nificent show of power, engage

Northwestern, unbeaten Wil-

cats, who made Minnesota their

third straight victim, 19-16. This

is the top game of the week.

Penn runs up against a re-

bounding Columbia team that

throttled Yale in a wild-scoring

Frays, 34-28. Penn's second vic-

tory of the year was racked up

at the expense of Princeton, 29-7.

**Irish Clicking**

Meanwhile, there appears no

stopping the Irish. Michigan

State stood up to Notre Dame

for a while Saturday but bowed

to Superior sons, 26-7. Nebraska

is next up for the South Bend-

ers. Penn State, winner over Syl-

laca Friday night, tackles Wake

Virginia and should stretch its

string to an even dozen.

Upsets were plentiful Saturday

but sectional leaders managed to

hold their own. The big nine,

which has been bullying the boys

around, ran into some scrappers

its own size.

California, the Pacific coast

favorite, put skids under Wiscon-

sin, 40-14. Army continued to

look like the standard of the east

by thumping Illinois, 26-21. Texas

Christian shaded Indiana, 7-6.

Iowa turned back heavily favored

Ohio State, 14-7.

**North Carolina Rolls**

In Dixie, North Carolina con-

tinued its relentless roll by over-

powering Wake Forest, a South-

ern Conference rival, 28-6. Georgia

Tech, the Southeastern Biggie,

whipped Washington and Lee, 27-

0.

While the Southwest was suf-

fering a couple of humbling losses

to outside foes—S.M.U.'s defeat

by Missouri and Texas' 20-14 sur-

render to Oklahoma—Baylor was

moving to the fore by trouncing

Arkansas, 23-7.

dent and thousands of people, including children, have been arbitrarily arrested and confined in concentration camps within the Soviet zone or deported to the Soviet Union.

Skilled workers also have been forcibly removed to the Soviet Union. In addition, Soviet authorities have used pressure and discrimination against all political parties who oppose the Socialist Unity party, which is under Communist control.

That control said differences between Russia and the western powers were aggravated by the Soviet Union's refusal to participate in the European recovery program and by its demand to participate in control of the Ruhr valley.

In the light of the Soviet attitude toward the European recovery program, the document said, "it became clear the Soviet claim to participate in control of the Ruhr was in fact, a claim to be allowed to sabotage the recovery of western Europe."

The background of the Berlin decision, the White Paper referred to the Big Four Ministers Council meeting in London a year ago and declared: "The Soviet government had come to regard that body as a forum for propaganda, rather than a forum for negotiation."

Since the western powers took the case to the Security Council, Russia has served notice she would refuse to participate in those discussions and called for return of the issue to the Foreign Ministers Council.

nents to think our appeal to the United Nations is either timid or insignificant."

Vandenberg added: "I must say that we have just had a narrow escape on this score, at Washington."

While that seemed to be the Republican answer for the time being, Dewey was known to have in mind the possibility of criticizing the Vinson incident if he feels world developments warrant such action later.

Pointing toward a major labor speech in Pittsburgh tonight (8:30 p. m., EST, C.B.S.), the Republican presidential nominee offered a new pledge of Republican support for American efforts to get the Berlin blockade lifted.

Dewey told a hastily-called news conference in Albany last night the American people "wholeheartedly and vigorously support the leaders of our bipartisan delegation at Paris and specifically its insistence on a prompt lifting of the blockade of Berlin."

In a carefully phrased statement Dewey added:

"The nations of the world can rest assured that the American people are in fact united in their foreign policy and firmly and unshakably uphold the United Nations and our friends of the free world in every step to build and preserve the peace."

This statement admittedly was drafted in final form only after a vigorous argument in the Dewey camp over proposals that the Republican nominee lash out now at President Truman.

The understanding was that Dewey and his men finally decided that any such attack could only be interpreted abroad as indicating the bipartisan foreign policy had fallen apart.

How seriously the Republicans regarded Mr. Truman's proposed new venture into personal diplomacy was shown by reports here that John Foster Dulles, Dewey's foreign affairs adviser, might withdraw from the Paris delegation.

The New York governor flatly stated that, in response to a question, that "certainly" Dewey would stay.

Dewey's decision to hold his fire for a while made after consultation with Dulles and Vandenberg.

Friends were saying Dewey had matched his 1944 decision not to bare the knowledge in that campaign that the Japanese code had been broken before Pearl Harbor.

Some Dewey supporters apparently felt that Mr. Truman had become involved in a stumbling performance which might give him a political black eye.

Dewey was said to believe that the inspiration for the Vinson proposal came from the White House, without any prior consultation with the State Department or department of defense.

He was reported to have learned of it last week, before it reached the newspapers, and to have put Dulles on guard.

Paris. It was evident that the Republicans weren't consulted about it beforehand by the White House.

On this, his second cross-country trip of the campaign, Dewey's chief objective seemed to be to give what help he could toward keeping Vandenberg and other Republicans in control of the Senate.

The Republican presidential nominee's scheduled stops today at Erie, Sharon, New Castle and Rochester, Pa. before his late afternoon arrival in Pittsburgh gave him a chance to bid for the state's 35 electoral votes.

He took them in 1944 to the late President Roosevelt. But Republicans are saying that this year things will be different.

## President Says Dewey Has Given No Stand On Issues

Cincinnati, Oct. 11 (AP)—President Truman said today that Gov. Thomas E. Dewey refused "to tell the country where he stands on any of the issues" in which "the people are interested."

He did not mention the Republican standard bearer by name, but said the "Republican candidate" had made "a good many headlines with talk about unity," but "he won't tell the country where he stands on any of the issues" the people want to hear about.

Mr. Truman spoke at a Democratic breakfast rally in the Hall of Mirrors in the Netherlands Plaza Hotel.

John L. Lewis, president of the United Mine Workers, was a guest of the same hotel. Lewis has assailed the President and his U.M.W. has indirectly endorsed Governor Dewey.

Speaking in the home town of Senator Taft (R-Ohio), the President said Taft had "disappointed any hope that the Republican party will follow a liberal course."

"I like him personally," Mr. Truman said, "I know where he stands, which is more than you can say about some of the other Republicans."

"Taft stands for welfare at the top, not at the bottom."

The President and Lewis did not meet at the hotel. Lewis had suits on the 25th and 26th floors, the President on the 23rd and 24th.

Mr. Truman returned to his campaign train immediately after speaking.

The President concludes his one-day Ohio trip with a 9 p. m. (E.S.T.) speech at Akron.

## Two Men Are Fined For Upsetting Stones

Woodstock, Oct. 11 — Two Kingston young men charged with pushing over headstones in the Woodstock cemetery were fined \$100 each and given suspended sentences of 30 days in the county jail when they appeared before Peace Justice Joseph Fitzsimmons here Saturday night.

They were Fred Schryver, 21, of 138 Smith avenue, and Walter F. Comerford, 22, of 214 Hasbrouck avenue. Both are ex-servicemen and G.I. students at the New York State Institute of Applied Arts and Sciences, at Utica.

They were arrested following an investigation by State Trooper John Metzger of the B.C.I., and Trooper Ray Dunn of Phoenixia.

Fence Justice Joseph Fitzsimmons emphasized that they were arrested for what he considered the lowest type of vandalism. The two said they had been celebrating successful marks in an examination.

Frank Bradley, a director of the Woodstock cemetery, presented a bill of \$50, which he said, represented the cost of righting the headstones.

## Woodstock Fires Are Only Slight

Woodstock, Oct. 11—Local firemen were called out three times in two days for slight fires.

An oil burner in a laundry stove caused mostly smoke damage in a house at Byrdcliffe, owned by Peter Whitehead and occupied by Mrs. F. T. Loomis.

The call was at 3 p. m. Saturday and firemen checked the blaze before it caused serious damage. A small section of flooring near the stove was burned, but a dense smoke filled the house.

Mrs. Loomis was in her office at Kingston when the fire was discovered and Mrs. Ralph R. Whitehead telephoned the fire department.

Another fire at 4 p. m. Saturday caused slight damage to a chicken coop in the yard of Leon Curry near the fire station, and another call early Friday night was virtually a false alarm. The call was to the home of Theresa Kessel, Wittenberg, where some brush was being burned and a neighbor thought it was a blaze starting in the house.

## Stolen Car Found At Ulster Park

An automobile stolen from a local man Saturday night was recovered abandoned in Ulster Park this morning with \$150 worth of carpenter's tools still inside, the police reported.

The car was that of Edward Rhymer, 28 Foxhall avenue, who reported it missing from in front of his home at 7 a. m. Sunday. The tools were in two boxes, one in the trunk of the car and one inside, Rhymer told police.

About 8 a. m. today police were notified by telephone that an automobile answering the description of the stolen car was abandoned in a swamp off Route 9-W near the Aero-Lake Airport at Ulster Park. Detectives Clarence Brophy and William Krum went to the location with Rhymer, who identified the car and, after inspection, said that none of the tools was missing. The automobile was still in running condition, the detectives reported.

The automobile, a 1937 Plymouth coach, had been previously damaged and is worth about \$200, Rhymer told police.

The first American half-page ad appeared in the New York Journal on July 18, 1743.

## Rohde Sentenced For Mail Theft

Youth Placed on Probation For Five Years by Judge Street

New York, Oct. 11 (Special) — Carl H. Rohde, 19, of Ulster Park, a \$25 a week messenger boy, who admitted thefts totaling more than \$6,000, Saturday was given a suspended sentence and placed on probation for five years by Judge Paul S. Street in General Sessions Court here. In addition Rohde was ordered to make restitution to his victims.

Rohde, formerly employed by the Teublen H. Donnelly Corp. here, had access to mail received in connection with one of the Donnelly accounts. The mail contained soap, coupons and cash, money orders and checks for post-pays and other premiums. According to the district attorney's office, Rohde admitted helping himself to the cash in the envelopes and burning the checks and money orders.

On June 26 Rohde had accumulated enough money to marry Kathleen Ryan and to purchase a new car for \$3,000. When Rohde was arrested in August, the couple were living in an \$8 a day room in a good hotel here. Police said the Ulster Park youth had lavished gifts of jewelry and clothing on his bride.

Man Says Russians Are Ready to Revolt

New York, Oct. 11 (AP)—The Russian people are "ready to revolt" against the "Stalin Police State," Constantine V. Boldyreff, who claims to be the leader of a Russian underground movement, said yesterday.

"This is the most important step toward universal human freedom" is "a revolution by the people in Soviet Russia," Boldyreff said at a news conference sponsored by Common Cause, Inc., an anti-Communist group.

Boldyreff said the "main forces" of "N.T.S.," an 18-year-old underground movement, are inside Russia. He said "N.T.S." stands for "Natsionalno Troudovoye Soznanie" — national alliance of working, producing and creating people.

He said this underground movement is responsible for the deaths of about 200 Communists, and "thousands of people" have sacrificed their lives to protect the secrets of "N.T.S."

Boldyreff predicted that a rally of anti-Communist underground groups and sympathizers could "in a few months" create a situation "which would make it impossible for Stalin to attack."

Boldyreff said a "general, unified, anti-Communist offensive" through unofficial channels is his hope.

A spokesman for Common Cause said Boldyreff is "well known to American Intelligence, is vouched for by high American officials," and cooperated in Germany with the American military government.

Common Cause, Inc., which claims several thousand members, is described by its directors as an "organization of political education, opposing Communism at home and abroad."

Truckmen's Strike Averted Until Thursday

New York, Oct. 11 (AP)—A possible new strike of truckmen has been averted at least until Thursday.

About 3,000 members of Local 282 of the A.F.L. International Brotherhood of Teamsters agreed at a meeting yesterday to hold a secret ballot Thursday on contract terms offered by the employers. Local 282 President John M. O'Rourke said a standing vote yesterday was so close that the secret ballot was decided on.

The new strike threat arose only a few weeks after a varied strike and work stoppage by members of several brotherhood locals, which hit hard at the metropolitan area's business and supplies, was settled in some cases and petered out in others.

Truck operators offered Local 282 a wage increase of 17 1/2 cents an hour, along with welfare benefits. The Teamsters have demanded an increase of 25 cents an hour.

Yesterday's meeting of Local 282, whose 4,300 drivers and helpers are employed by about 330 New York city trucking firms, was called after negotiations between the union and the operators' labor committee bogged down last week. The men have been conducting work under terms of a contract which expired September 1.

Local 807 of the Teamsters Brotherhood, which has 9,600 members, ended a walkout last month on the basis of the 17 1/2-cent formula.

The expired contracts provided wages ranging from \$53.90 for helpers to \$71.40 for trailer-truck drivers for a 40-hour week.

Farmers' Prices Drop  
Albany, N. Y., Oct. 11 (AP)—Prices received by New York farmers for their products during September were two per cent less than the August prices. A joint federal-state report released by the State Agriculture Department yesterday listed the September price index at 273. The previous month's index was 278. The figures are based on the 1910-1914 average which equals 100. The report noted the September index was eight per cent above the 253 listed in September, 1947. The national price index last month was eight per cent above the 253 August and four points higher than a year ago.

## Railroad Aims To Reduce Loss, Freight Damage

"The School on Wheels" well describes a unique audio-visual education railway car which will arrive at the yard of the New York Central here October 14 to give instructions in protective handling of freight and cars.

The car, built by the railroad's own shops especially for this purpose, is on tour of the Central's 11,000-mile system to reach the thousands of freight station and yard switching personnel. "It is another forward step," said George Gerbert, Supervisor of loss and damage prevention of the railroad, "in the Central's intensive efforts to improve service by the prevention of loss and damage to freight."

It contains up-to-date equipment of the audio-visual education type, including motion pictures, slide films and special projection devices to accompany lectures on various subjects.

The specially built 78 foot all-steel car, which seats 54 persons, has sleeping quarters, kitchen and office for the instructors who travel with it. Its own diesel generator provides light, ventilation and electric current for various devices when it is placed in the areas of a railroad yard remote from electrical connections.

Because of the widely scattered nature of railroad operations and the fact that the Central operates in 11 states and Canada, it is a difficult matter to

reach employees by conventional methods," said Mr. L. J. Hutchings, of the Central's Loss and Damage Prevention Bureau at New York, who is traveling with the car throughout the tour. "This new car enables us to take this program direct to the men wherever they are."

In order to reach all employees concerned, it is necessary to hold classes around the clock, day and night, in many cities. The program calls for repeat trips over the Central's 11,000-mile circuit. New subject matter, motion pictures and other forms of audio-visual education are already in preparation for subsequent use.

Herchenroeder Named Association President  
Fred Herchenroeder of Shokan was re-elected president of the New York State Highway Employees Association of Ulster county during the annual dinner meeting Saturday night, at the Hill Top Tavern in Alwood.

Other officers elected included William Malloy of Phoenicia, vice-president; R. G. Atkins, New Paltz, secretary; and Chester Craig, Tillsen, treasurer. Eugene Yonnetti of Bloomington was appointed sergeant of arms by President Herchenroeder.

Guest speakers during the program were William Morrison, president of District No. 8, Poughkeepsie; George Herman, secretary of Poughkeepsie; Harry G. Krom, assistant engineer of Ulster county; and Mr. MacDonald of Warwick.

Student Pays Fine  
Poughkeepsie, N. Y., Oct. 11 (AP)—A low-flying Princeton University student who buzzed the campus at Vassar College several days ago, paid a \$50 fine Saturday. County Sheriff C. Fred Close said the Princeton man, John Sawyer, of (95 Fountain avenue) Glenwood, Ohio, flew his chartered plane "right smack between" two dormitories on the Vassar campus. Someone noted the markings on Sawyer's plane and informed police. Close said Sawyer was summoned to the town of Poughkeepsie court where he paid the fine.

## V.F.W. Will Report On Anniversary Program

According to Sidney Lane, Johnny Pineapple, the Hawaiian band leader who recently concluded a successful engagement at the Hotel Lexington, in New York city, will attend Tuesday's meeting. Pineapple has been engaged to furnish the music at the V.F.W. Ball this year.

Final plans for the participation of the organization in the funeral

arrangements for Staff Sergeant Dietz also will be discussed during the meeting. The body of Sergeant Dietz is expected to arrive in Kingston Friday afternoon.
